Introduction to AMMUN

To whom it may concern,

Annually, the prestigious Model United Nations Club in the renounced Amman Baccalaureate School holds an international conference that hosts student delegations from schools worlds wide; to provide an educational simulation of the United Nations. Our delegates represent different UN member states in various forums and thus become part of the decision making process for solutions to topics of global importance, hence training new generations in becoming world leaders. **The Amman Model United Nations (AMMUN) has earned its internationally renowned reputation of being an enriching educational experience for all participants, through creating a forum for global cultural exchange.**

The aim behind this conference is to promote youth involvement in issues affecting us on a global scale. We aim to foster a generation that is politically aware of the concerns facing the international community, which hinder the development of our modern world. We intend to encourage students and delegates who are proactive in their efforts to work together, debate, collaborate and argue in order to educate the conference participants said raging issues.

AMMUN 2017 will be the 16th annual conference held in Jordan hosted exclusively by the Amman Baccalaureate School. This year it will include two General Assemblies, one of which will be in our mother tongue, Arabic, giving our delegates a new appreciation for debate in Arabic and a new outlook on international issues. Also, we will entertain an Economic & Social Council, a Human Rights Commission, a Security Council, an International Court of Justice, an Advisory Panel, an Environments Commission, a Disarmament Commission and a Special Committee, which proved to be a successful addition to our prior conference. We will also be conducting several MUN workshops; producing a daily MUN newspaper and entertaining guest speakers. Additionally, with aspirations to put a new twist on our Jordanian excursion experience, a committee has established a "Hands-On" service project that will both enable delegates to tour Jordanian sites as well give them the opportunity to put into practice the ideals of what Model UN embodies through real life application of communal involvement, however small-scale our service activities may be.

As for the overseas delegates who will be visiting Jordan, the experience, for them, isn't centered on debate but also sightseeing and culture learning. Therefore, Trips are arranged to Um Qais, one of the world's most in-tact sites for Roman Ruins, Petra, one of the world's seven wonders, more. Making new friends and increasing awareness of various cultures and lifestyles, are two pillars of the AMMUN conference. That's why two major social functions are held for these delegates to enjoy, mingle and have an unforgettable experience.

Moreover, our conference has now embarked on a "green" path, hence raising awareness on the dangers of harming the environment to our stakeholders, where recycling and conserving energy are but two mere aspects of the conference. This makes us the first MUN conference in Jordan to set this sort of initiative.

Due to the quality of AMMUN as a conference all of THIMUN's affiliation requirements were met, granting us the THIMUN affiliation in 2010. Accrediting our dedication to maintain conference quality as well as ever improving it. AMMUN still remains the only THIMUN affiliated conference in Jordan accompanied by a stellar review from THIMUN Board member Cornelia Ohling in 2014.

However, maintaining the high standards of such a conference comes with a great cost, so AMMUN has set up a sponsorship program that allows interested organizations, companies and any other parties to assist in the funding of the Amman Model United Nations conference. The conference must compensate for the costs of accommodation, administration, entertainment, food, transportation, venues and more. To do so, a system for generous sponsors has been established.

Best Regards,
The AMMUN 2017 Team

Contributor

500 + JO

(Please note that any sponsorship below 500JOD is greatly appreciated, however, no benefits will be provided)

- **Recognition on webpage and AMMUN handbook**
- **Included in AMMUN newspaper AMMUNITION**

Patron

1000+ JO

- **Recognition on webpage and AMMUN handbook**
- **Included in AMMUN newspaper AMMUNITION**
- **Opportunity to display roll ups and distribute flyers**

Special Note

Sponsorships should not necessarily be in the form of money. It would be highly appreciated if you can provide us with a product/service that is required throughout the conference (i.e. equipment, printing of booklets/notepaper, lanyards, water bottles, catering, etc.). The value of your sponsorship will be estimated and you will be placed in one of the sponsorship tiers above, and given recognition accordingly!

How to Sponsor

If you would like to contribute to this conference, helping the AMMUN XVI team make this 2017 conference possible for hundreds of local and international delegates, *after reading the boundaries and their benefits*, we would request you choose the amount you are willing to sponsor, and fill out the following online form.

https://ammunxvisponsorship.wufoo.com/forms/zl543ix0ki0ap2/

Payments can be made through cash or a cheque addressed to the Amman Baccalaureate School. The payment should be delivered to the Amman Baccalaureate School, which is situated in Sweileh Amman, to the accountant's desk in the main administration floor. The AMMUN leadership would highly appreciate your assistance.

We would like to thank you for taking time to consider assisting us financially. Any generous contribution will help move us forward further into educating students locally and globally. Helping AMMUN grow is essential to the continuity of our conference, we aspire to improve the quality of AMMUN through allowing participating delegates to learn and debate to the best of their abilities while also introducing them to Jordanian culture.
